CHAMBLEE

RYAN

While many law firms hold themselves out as specialists in multiple areas, Chamblee & Ryan's first specialty is trial work. Some firms say they specialize in litigation or trial work but rarely, if ever, see a case to verdict. We believe that the only way we can provide the very best legal representation to our clients is by being ready, willing and prepared to try a case to verdict when needed.

**"A PROVEN TRACK RECORD OF WINS WHERE IT COUNTS THE MOST – IN THE COURTROOM"**

Plaintiffs and their lawyers have extorted way too much money from businesses, insurance companies and individuals all because they knew that the opposing counsel would not likely have the skill, preparation or sheer determination to see a case to verdict.

Over the years, Chamblee & Ryan has demonstrated the skill, preparations and sheer determination our clients expect. We have a proven track record of wins where it counts the most - in the courtroom.

## TRIAL ATTORNEYS FOR THE HEALTHCARE PROFESSION

### THE HEALTHCARE PROFESSION IS UNDER ASSAULT

Increasingly, physicians, nurses, and other healthcare providers are finding themselves dragged through the courts as a result of their efforts to care for individuals in our community.

Plaintiff lawyers are ready and willing to take advantage of every “bad outcome” to manufacture allegations of negligence against those dedicated to caring for patients. These lawyers jump in with the support of a network of so-called experts that they turn to in an attempt to add validity to their claim.

CHAMBLEE & RYAN has the experience and skill necessary to expose these manufactured claims for what they are and to defend healthcare professionals from these unwarranted attacks. We have been entrusted with representing hundreds of healthcare professionals and entities throughout North Texas.

CHAMBLEE & RYAN has repeatedly obtained summary judgments, dismissals and other pre-trial victories for the professionals we represent. However, there are many times when the only way to win is by going to trial and convincing a jury. Time and time again CHAMBLEE & RYAN has demonstrated the skill, experience and trial success on behalf of healthcare professionals where it counts the most -- in the courtroom.

## TRIAL ATTORNEYS FOR THE CORPORATE COMMUNITY & INSURANCE INDUSTRY

### **THE CORPORATE COMMUNITY IS BEING SCRUTINIZED**

Businesses today continue to be fertile ground for opportunistic Plaintiff lawyers seeking to pad their bank accounts.

Businesses and the companies that insure them are frequently faced with litigation arising out of legitimate employment decisions. They are often targeted for unwarranted or exaggerated claims of injury on the business premises. Furthermore, the relationships between businesses and their customers as well as the encounters with other businesses results in a variety of additional litigation risks.

CHAMBLEE & RYAN has the experience and skill necessary to represent and defend businesses in all their litigation needs. Over the years we have represented a wide variety of businesses including trucking companies, banks, restaurants, construction companies, and hospitals faced with litigation needs.

CHAMBLEE & RYAN has a proven track record of successfully defending companies in employment cases, trucking accidents, premises liability, non-subscriber actions and many, many other scenarios.
